Independent Auditor's Report

Members of Council Borough of Fox Chapel

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Borough of Fox Chapel (Borough), Pennsylvania, as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the Borough's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Borough as of December 31, 2020, and the respective changes in financial position and the respective budgetary comparison for the General Fund, Highway Aid Fund, Sewer Fund, and the Sanitary Authority for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and pension trust fund information on pages i through xiii and 45 through 49 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Borough's basic financial statements. The supplementary information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The information is the responsibility of management and was derived from or relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the

basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**BOROUGH OF FOX CHAPEL 2020
MANAGEMENT'S DISCUSSION AND ANALYSIS**

The Borough of Fox Chapel (Borough) financial report presents a narrative overview and analysis of the Borough's financial performance for the fiscal year ended December 31, 2020. Please read this management's discussion and analysis (MD&A) in conjunction with the accompanying financial statements and notes, which follow, to obtain a thorough understanding of the Borough's financial condition on December 31, 2020.

The Borough is located in southwestern Pennsylvania, approximately six miles northeast of the City of Pittsburgh. The Borough was incorporated as a local government in 1934 and is governed under the Borough Code adopted by the Commonwealth of Pennsylvania in 1966. The Borough has operated under the Council-Manager form of government since 1936. Under this system, Borough Council is the legislative and policy-making body. The Mayor has direct responsibility for the Police Department. The Manager is the administrative officer of the Borough. Council acts as a board of directors to establish policy and gives directives to the Manager. With the exception of the police, the Manager is in charge of all Borough employees. The Borough provides services in many areas to its residents including various general government services, public safety, public works, sanitation, and recreation. The Borough is very proud of its natural resource protection. Ten percent of all land in the Borough is park land or open space. Another 10% is made up of private school campuses, golf and tennis clubs.

COVID

When it became clear in March that the COVID-19 pandemic would result in significant economic disruption, the Borough immediately focused on ways to mitigate the potential negative impact on the budget while ensuring safety, service delivery, and fiscal responsibility. Our goal was to remain on stable financial ground as we continued to serve the residents. The Borough's two primary sources of revenue are real estate tax and earned income tax (EIT), which account for 52% of the general operating revenue of the Borough. We anticipated that EIT would fall significantly short of budget, real estate tax would be unaffected, and that interest received on all funds would be substantially reduced. We looked for ways to reduce expenses without compromising services.

As road paving comprises the most significant expense for the Borough, we reduced the scope of the \$1.7M road paving project, resulting in a savings of \$196K. We knew that project bids would likely come in high, as contractors had to include in additional labor costs for employees to quarantine after exposure to COVID. Therefore, we delayed bidding guide rail and construction of the new Public Works facilities. \$110K for salt purchase was postponed until 2021. In addition, the annual appropriation of \$390,000 to the Cooper-Siegel Library was reduced by \$65K because the library received a Payroll Protection Program (PPP) Grant. The Borough also received a Coronavirus Aid, Relief, and Economic Security (CARES) Act Grant for \$125,000.

FINANCIAL HIGHLIGHTS

- In 2020, the Borough's total net position increased by \$3M to \$33M, an increase of 10.1%. The unrestricted portion of the total net position is \$6.4M, an increase of \$513K, and the restricted portion increased by \$5.4M.
- The total fund balance of the Borough increased by \$522K to \$13.5M, an increase of 4.0%.

- The General Fund reported a negative net change in fund balance of approximately \$170K, which is better than expected due to COVID.
- In 2019, the Borough earned an “AA+” rating from Standard & Poor’s and issued \$5.4M in General Obligation Bonds to acquire and develop parkland and construct and renovate the Public Works facilities. Although the property was purchased in 2019, construction/renovation was delayed from 2020 due to COVID in anticipation of lower construction bids in 2021. In 2020, debt service payments included a principal of \$140,000 and interest of \$179,499.
- The Borough was awarded a grant from the PA Department of Conservation and Natural Resources (DCNR) of \$442,500 for 50% of the acquisition cost of 17.126 acres of parkland named Hardie Valley Park that was the missing link in a linear trail network that extends the Borough’s length from O’Hara Community Park to Beechwood Farms Nature preserve.
- During 2020, the pension plans' combined total net position increased by over \$1.6M due to a net investment gain of \$1.7M and contributions of \$287,000 offset by expenses of \$432K. The defined benefit General Plan and Police Plan had money-weighted rates of return of 10.96% and 10.82%, respectively. The pension plan fiduciary net position as a percentage of the total pension liability increased to 110.90% for the General Plan and 138.64% for the Police Plan.
- At the end of 2020, a new Capital Fund, the Infrastructure Emergency Infrastructure Fund, was established to accumulate and earmark \$500,000 for unforeseen infrastructure emergencies such as landslides or bridge repairs through annual appropriations. In 2020, \$80,000 was transferred from the General Fund to the Emergency Infrastructure Fund.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and Statement of Activities on pages 1 and 2 are government-wide financial statements that provide information about the Borough activities as a whole. Fund financial statements on pages 3-14 include governmental and fiduciary funds. The governmental funds' statements report the Borough’s operations in more detail than the entity-wide statements and explain how services were financed in the short term and what remains for future spending.

Fiduciary fund statements provide information about the retirement plans for municipal employees in which the Borough acts solely as a trustee or agent for the benefit of others. Fiduciary funds are not reflected in the government-wide statements because the resources cannot be used to support municipal activities.

Following the financial statements are the Notes to Financial Statements that explain certain information in the financial statements and provide more details. The Notes to Financial Statements are followed by a section of Required Supplementary Information that further explains and supports the financial statements' information. Figure A-1 shows how the required parts of this annual report are arranged and relate to one another.

REPORTING THE BOROUGH AS A WHOLE

The government-wide statements report information about the Borough as a whole using accrual accounting methods similar to those used by private-sector companies. These statements provide information that will help the reader determine if the Borough is in better or worse financial condition due to the current year's activities. For the Borough's overall health, it is also crucial to consider the infrastructure reinvestment plan. The Statement of Net Position includes all of the Borough's assets, including major infrastructure placed in service after 2004, deferred outflows of resources, liabilities, and deferred inflows of resources, excluding fiduciary funds.

Net Position: The difference between the Borough's assets plus deferred outflows of resources and liabilities plus deferred inflows of resources. This is one way to measure the Borough's financial health. Over time, increases or decreases in the Borough's net position indicate whether its financial health is improving or deteriorating.

In the Statement of Activities, all of the current year's revenues and expenses are accounted for regardless of when cash is received or paid. The Statement of Activities focuses on how the Borough's net position changed during the year. Additional non-financial factors such as changes in the Borough's real estate property tax base, earned income tax base, and general economic conditions must be considered to assess the overall position of the Borough. All of the Borough's basic services and how these services are financed are reported.

Basic Services: Police, fire, administration, public works, storm, and sanitary sewers, rubbish collection, code enforcement, culture and recreation, and debt service.

Revenue Sources: real estate tax, earned income tax, sewer and stormwater user fees, contributions and grants, shared revenue from the State, and other taxes and charges for service.

REPORTING THE BOROUGH'S FUNDS

The fund financial statements provide more detailed information about the Borough's individual funds, not the Borough as a whole. Funds are accounting groups that the Borough uses to keep track of specific funding sources and spending for particular purposes. Some funds are required to be established by State law. The Borough establishes other funds to help it control and manage money for specific purposes or show that it meets legal responsibilities for money designated for a specific purpose, e.g., Capital Projects Fund. The Borough has two kinds of funds, Governmental Funds and Fiduciary Funds.

A condensed summary of the Borough's change in net position comparing December 31, 2020 to the previous fiscal year is as follows:

Net Position:

In 2020, the total net position of governmental activities increased by \$3M to \$33M, or 10.1%. Capital assets increased by \$1.5M, followed by an increase in combined net pension assets of \$672K. An increase of \$305K in cash and receivables combined with a reduction of \$487K in current and other liabilities accounts for the remainder of the \$3M increase.

The restricted portion of the Borough's net position subject to external restrictions on how the funds may be used increased by \$5.4M due primarily to the \$4,148,950 reclassification of the remaining bond funds from unrestricted in 2019, per audit directive, to restricted for capital purchases/construction in 2020 and the increase of \$672K in net pension asset restricted for pensions. The unrestricted net position, which identifies funds available to maintain operations or invest in additional capital assets, decreased accordingly.

Infrastructure Assets:

As of December 31, 2020, the Borough's total net position is \$33M. Of this amount, capital assets account for \$21.9M. These capital assets are then reduced to \$20.7M for restriction when related debt is considered. In 2004, Governmental Accounting Standards Board (GASB) Statement No. 34 requires that all capital assets, including infrastructure, be valued and reported within government-wide financial statements. The Borough chose to report all infrastructure additions over \$500,000 per system, per year, prospectively, beginning in 2004. Infrastructure additions first met the capitalization threshold and were first reported in 2012.

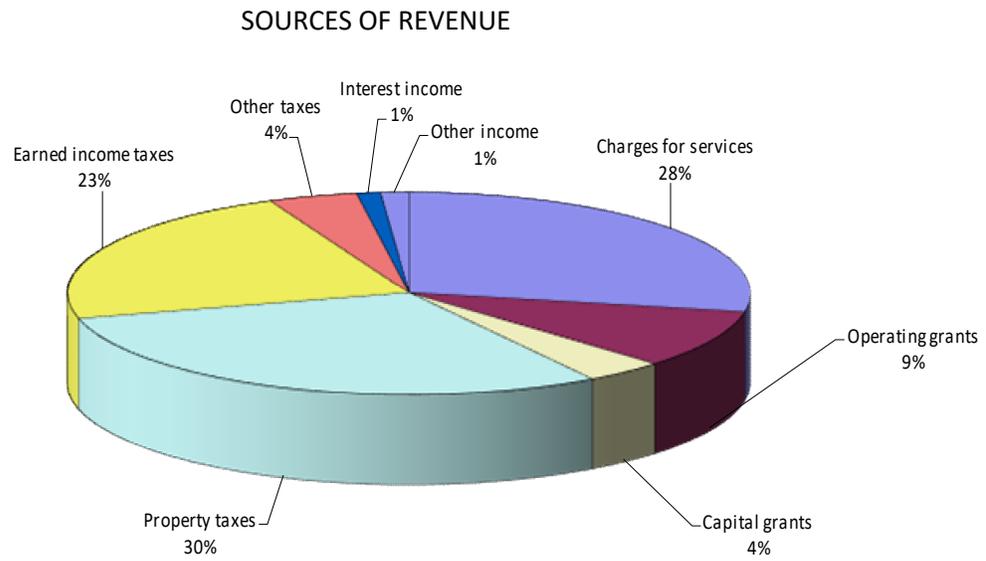

The following chart presents the Borough's change in net position for the fiscal years ended December 31, 2020 and December 31, 2019:

Revenue Sources - 2020 Operating Income:

Total 2020 government-wide revenue of \$11.8M was \$881K less than 2019, a decrease of 7%. This decrease in government-wide revenue is due primarily due to a \$643K decrease in estimated earned income tax and a reduction of \$93K in interest income, both due to COVID. Though individual earned income tax records are confidential, we surmise that job loss is a factor along with reduced bonuses and other compensation and the effect of Federal and State tax filing extensions.

The Borough has been aggressively pursuing grant funds and was awarded \$442,500 from the PA Department of Conservation and Natural Resources to acquire and renovate the Hardie Valley Park property. This acquisition of 17 acres connects parkland to the north and south of the Borough, enabling a linear trail network that extends the Borough's length from O'Hara Community Park to Beechwood Farms Nature preserve. In 2019, the Borough recorded capital grants of \$1.2M for the purchase of this parkland through contributions of \$772K and almost \$600K in donated value of said parkland (appraised value of property in excess of purchase price). By comparison, capital grant revenue was down \$853K in 2020.

Expenses - 2020 Operating Expenditures:

Total expense for all programs in 2020 was \$8.8M, an increase of \$125K, or 1.4%. The expenses reflect the delivery of a wide range of services, with the largest being public works (roads, bridges, sanitary sewers, and stormwater management) at 51%, followed by public safety (police, fire, EMS, and planning/zoning/code enforcement) at 20%, general government (administration, tax collection, and Borough building and grounds) at 12%, garbage-door garbage service at 10%, culture and recreation (parks and library) at 5%, and debt service at 2%. Police expense was down \$233,000 due to reductions in pension expense per the actuarial roll-forwards and no Borough and State funding required (a zero minimum municipal obligation). This was offset by an increase of \$176K in sanitary sewer expense due to an increase of \$68K in contracted sewer lining and \$40,000 in contracted paving to finalize a 2019 sewer project. Fire/EMS expense increased \$50,000 due to budgeted contribution increase of \$7,000 to Foxwall EMS and the remainder spent in general firehouse maintenance. Parks expenditures increased \$95K for the installation of a new playground at McCahill Park, and a consultant to design the new Hardie Valley Park. A grant from the Pittsburgh Foundation completely offset the playground cost.

FINANCIAL ANALYSIS OF THE BOROUGH'S FUNDS

The measurement focus of the Borough's funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information helps assess the Borough's financing requirements. In particular, year-end unassigned fund balance serves as a valuable measure of the Borough's net resources available for spending.

The Borough has ten funds and one Component Unit.

General Fund: The most chief operating account of the Borough that is used for all financial transactions except those required to be accounted for in other funds.

Special Revenue Funds: Sewer and Highway Aid.

Capital Funds: Land, Capital Reserve, Squaw Run Interceptor, Fire Truck, K-9, Parks, and Emergency Infrastructure.

Sanitary Authority (Component Unit): The Sanitary Authority was granted the power to perform stormwater planning, management, and implementation and to level and collect uniform rates for stormwater

As the Borough completed the year 2020, its governmental funds reported a combined fund balance of \$13,482,551, an increase of \$521,820 from the combined fund balance at year-end 2019.

General Fund

In 2020, Borough Council chose to reduce fund balance in the General Fund by adopting a deficit budget of \$1,036,200. Council decided to spend down fund balance instead of raising taxes based on 2019 total revenue exceeding budget by \$293,000, and total expense came in under budget by \$1,500. Fund balance increased \$592,000 when it was budgeted to decrease by \$450,600. In addition, our target rainy-day Fund Balance in the General Fund was increased from \$1M to \$1.5M.

The General Fund variance of negative \$170K was extremely favorable given the impact of COVID as well as 2020 actual results show a loss (reduction of fund balance) of only \$169,915, for a net gain of \$946,285 when actual results are compared to budget, which was extremely favorable given the impact of COVID. Revenue exceeded budget by \$177,067, as delinquent real estate tax collected was \$44,900 over budget. We received an additional \$103,300 in real estate transfer tax and an additional \$82,600 in contracted road paving due to billing utility companies for road paving resulting from their work that damaged the road. In addition, a CARES Act Grant of \$125,000 was received to offset COVID losses. These gains were offset by a reduction of \$207,200 in EIT and a \$21,787 loss of interest earnings compared to budget.

Due to the COVID mitigation plan, final expenses were under budget by \$764,034. In public works, \$110,300 was saved by delaying a major salt purchase until 2021. \$57,200 was saved in wages and overtime as there was a mild winter season. \$58,500 was saved by delaying a guide rail bid until 2021, along with savings of \$56,400 in bridge construction. \$196,200 was saved by reducing the scope of the road reconstruction projects. The Borough also reduced the annual contribution to the library by \$65,000 since the library received Federal PPP funds.

Sewer Fund

In the Sewer Fund, expenses exceeded revenues by \$160,160, which was \$99,060 more than budgeted. In Sewer Fund revenue, a \$248,886 ALCOSAN Grow Grant was budgeted but not received in 2020. This shortfall was offset by a gain of \$269,000 in sewer charges to residents. However, most of the service charge gain was passed through to ALCOSAN, as shown in sewer expenses.

Land Fund

Council adopted a deficit budget of \$1,597,700 in the Land Fund, as \$1,657,900 in bond money received in 2019 was to be spent on construction of the new public works facilities. As part of the Borough's COVID mitigation plan, bids were delayed until 2021, resulting in total expenses of \$462,179, for a savings of \$1,195,721. For the year, expense exceeded revenue by only \$422,406 when the budget projected a fund balance reduction of \$1,597,900, for a net gain of \$1,175,494.

Sanitary Authority Fund

The Sanitary Authority assesses an annual stormwater fee of \$150 per equivalent dwelling unit, which is to be used for DEP mandated stormwater mitigation projects. In 2020, the Sanitary Authority Fund revenues exceeded expenses by \$321,844 in the Sanitary Authority Fund because stormwater mitigation work scheduled to be bid and completed in 2020 was delayed until 2021 due to COVID.

Capital Funds

The Borough was awarded \$442,500 in grant funds from DCNR for 50% of the cost to acquire and renovate the Hardie Valley Park property. This acquisition of 17 acres connects parkland to the north and south enabling a linear trail network that extends the Borough's length from O'Hara Community Park to Beechwood Farms Nature Preserve. The Capital Funds Reserve fund receives a yearly transfer from the General Fund of \$300,000 to assist with future capital purchases. The Interceptor Fund received \$365,000 from the Sewer Fund for fees collected for use on a major capital project of increasing the size of the Borough's main sewer line. In 2019 there were significant capital purchases of a fire truck, Police vehicle, and Code Enforcement vehicle. Also of note is the Bond money which remains in capital assets for use as discussed above.

TRUST AND AGENCY OPERATIONS:

Pension Trust Fund

The Borough administers two defined benefit pension plans for full-time employees – General Employees and Police. On December 31, 2020, there were 12 vested and 1 non-vested participant in the General Employees Plan and 8 vested and 1 non-vested participant in the Police Plan. Employee contribution rates were set at 5% for employees in both plans. In 2014, Borough Council closed the General Employees Defined Benefit Pension Plan to new members and created a defined contribution sub-plan for all new hires. Plan participants contribute 5% of wages, and the Borough contributes an equal amount. By Pennsylvania law, all police pension plans must be defined benefit plans, so no similar changes can be made to the Police Plan.

During 2020, all plans' combined total net position increased by \$1,558,965, or 9.4%. Net investment gains of \$1,703,905 and contributions of \$286,887 were offset by benefit payments of \$425,112 and administrative expense of \$6,715. On the Statement of Net Position of the financial statements, the Police Plan shows a net pension asset of \$2,775,046, an increase of \$322,951, and the General Employees Defined Benefit Plan a net pension asset of \$791,354, an increase of \$338,838.

State Aid of \$162,937 offset the total Borough contribution of \$165,466 such that only \$2,529 in Borough funds were expended. In addition, the employees contributed \$121,421. The pension plan fiduciary net position as a percentage of the total pension liability for the defined benefit General Employees and Police Plans was 110.90% and 138.64%, respectively.

The required supplementary information located at the conclusion of the Notes to Financial Statements provides more details on the plans' funding progress.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital assets consist primarily of land, buildings and other improvements, machinery, equipment, infrastructure, and vehicles. Capital assets are recorded and depreciated using the straight-line method over the useful lives of the assets. Maintenance and repairs are charged to operations when incurred. Expenses that materially change capacities or extend useful lives are capitalized. The following is a summary of capital assets at December 31, 2020, and 2019:

Summary of Capital Assets

BOROUGH OF FOX CHAPEL

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCE OF THE GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

YEAR ENDED DECEMBER 31, 2020

Net Change in Fund Balance - Governmental Funds \$ 521,820

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation expense in the current period.

	Capital outlays	\$ 2,414,928	
	Less: Depreciation expense	<u>(817,659)</u>	1,597,269

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. Unavailable revenues changed by this amount during the year.

	Grants	\$ 503,484	
	Earned income tax	(350,566)	
	Real estate tax	(28,470)	
	Stormwater fees	<u>(2,550)</u>	121,898

In the statement of activities, accumulated employee benefits (pensions, vacation and sick days) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used. This amount represents the difference between the amount earned versus the amount used.

BOROUGH OF FOX CHAPEL

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2020

1. Summary of Significant Accounting Policies

Reporting Entity

The Borough of Fox Chapel (Borough) is located in western Pennsylvania, approximately six miles northeast of the City of Pittsburgh. The Borough was incorporated as a local government in 1934 and is governed under the Borough Code adopted by the Commonwealth of Pennsylvania in 1966. The Borough operates under the council-manager form of government. The Borough provides services in many areas to its residents, including various general government services, public safety, public works, recreation, community development, and sanitation.

Following is a brief description of the component units in accordance with applicable guidance, which is included within the financial reporting entity:

The Fox Chapel Sanitary Authority (Sanitary Authority) is blended into the Borough's financial statements because of the significance of its operational and financial relationship with the Borough. The Borough created the Sanitary Authority in 1960 for the purpose of financing and constructing a sanitary sewerage system throughout the Borough. The Sanitary Authority, which is governed by a five-member Board appointed by the Council, principally serves the residents of the Borough. Although the Sanitary Authority was deactivated at the end of 2017, it was reactivated on December 17, 2018, and granted the additional power to perform stormwater planning, management and implementation, and to levy and collect uniform rates as set forth in the PA Municipality Authorities Act.

Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the Borough. For the most part, the effect of interfund activity has been removed from these statements.

The statement of activities demonstrates the degree to which direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a particular function or segment. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants, and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a

BOROUGH OF FOX CHAPEL

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2020

particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting, as are the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within a current period or soon enough thereafter to pay liabilities of the current period. Expenditures are generally recorded when a liability is incurred, under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, pensions, and claims and judgments, are recorded only when payment is due.

Deferred inflows of resources reported on the governmental funds balance sheet arise when potential revenue does not meet both the “measurable” and “available” criteria for recognition in the current period. Unearned revenues arise when resources are received by the Borough before it has legal claim to them, as when intergovernmental funds are received prior to the occurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the Borough has a legal claim to the resources, the unavailable revenue is removed as a deferred inflow of resources or the unearned revenue is removed as a liability and the revenue is recognized.

The accounts of the Borough are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities,

NOTES TO FINANCIAL STATEMENTS

deferred inflows of resources, fund balance, revenues, and expenditures or expenses, as appropriate.

Governmental Funds:

The Borough presents the following major governmental funds:

General Fund

The General Fund is the principal operating fund of the Borough, which is used to account for all financial transactions except those required to be accounted for in other funds.

Highway Aid Fund

The Highway Aid Fund accounts for state aid revenues (liquid fuels tax) received from the Pennsylvania Department of Transportation for building and improving roads and bridges within the Borough.

Sewer Fund

The Sewer Fund was established to account for the operations of the Borough's sanitary sewer facilities. Such operations include collection of sewer user fees and expenditures for the operation and maintenance of the system, as well as, payments to the Allegheny County Sanitary Authority for treatment services provided.

Sanitary Authority Fund

The Sanitary Authority Special Revenue Fund reports the operations of the Sanitary Authority's General Fund, which currently consists of stormwater operations.

Capital Reserve Fund

The Capital Reserve Fund was established to control funds designated for specific capital expenditures and funds appropriated by the Council to provide for additions to and replacements of operating equipment and other capital assets.

BOROUGH OF FOX CHAPEL

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2020

Land Acquisition Fund

The Land Acquisition Fund was established for the accumulation of funds for future capital asset acquisition and construction by the Borough.

Interceptor Fund

The Interceptor Fund was established in 2014 to accumulate funds for a future capital improvement to the Squaw Run Interceptor as will be mandated by the Pennsylvania Department of Environmental Protection and the Allegheny County Health Department. A special quarterly sewer fee was adopted in 2014 to fund the project.

Fire Truck Fund

The Fire Truck Fund was established in 2015 to accumulate funds for the future purchase of a new fire truck through an annual appeal to Borough residents and institutions.

Parks Fund

The Parks Fund was established in 2019 to receive donations to repay the loan from the Borough used to purchase a 17-acre property on Old Mill Road that was the missing link in the Borough's trailway system.

K-9 Fund

The K-9 Fund was established in 2016 to accumulate donations for the future replacement of the K-9 or K-9 vehicle.

Emergency Infrastructure Fund

The Emergency Infrastructure Fund was established in 2020 to accumulate funds for future emergency infrastructure repairs.

BOROUGH OF FOX CHAPEL

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2020

Fiduciary Funds:

Pension Trust Funds

The Pension Trust Funds are used to account for assets held by the Borough in a trustee capacity for employee retirement. The Borough maintains three pension plans: defined benefit police, defined benefit, and defined contribution for general employees.

Budgets and Budgetary Accounting

An appropriated budget is adopted annually for the following funds on a basis consistent with accounting principles generally accepted in the United States of America: General, Highway Aid, Sewer, Interceptor, Capital Reserve, Land Acquisition, Fire Truck, Emergency Infrastructure, and Sanitary Authority Special Revenue Fund. The K-9 and Parks Funds had no legally adopted budget in 2020.

The Borough adopts its budget in accordance with the requirements of the Borough Code, in particular Article XIII; Act 185; the Local Government Unit Debt Act; and Act 511, the Local Tax Enabling Act. Specific requirements include:

1. The fiscal year shall coincide with the calendar year.
2. The budget for the following year must be adopted by the Council by December 31 of the current year.
3. Preparation of the budget must begin at least thirty (30) days prior to its adoption.
4. The proposed budget must be available for public inspection ten (10) working days prior to its adoption.
5. After January 1, the budget may not be amended, nor may the tax rates be changed except that amendments are permitted up to February 15 in the years following municipal elections.
6. Council may, in its reasonable discretion, modify the budget after its final adoption provided such modifications are within the current year's revenues or such additional monies as required therefore are promptly made available through borrowing as allowed by law. Minor modifications were made to the 2020 budget.

BOROUGH OF FOX CHAPEL

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2020

All annual appropriations lapse at year-end. The level of control (level at which expenditures cannot legally exceed appropriations) over expenditures in budgeted funds is the surplus or deficit of the fund as a whole. Expenditures exceeded appropriations in the Sewer funds. The excess was covered by prior year fund balance.

Investments

Investments are stated at fair value. Accordingly, the change in fair value of investments is recognized as an increase or decrease to investment assets and investment income.

Fair Value Measurements

The Borough categorizes its fair value measurements within the fair value hierarchy established by accounting principles generally accepted in the United States of America. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

Inventory

Inventory, consisting of mainly road department materials, is recorded as an expenditure when purchased. The inventory balance at December 31, 2020 was not material.

Interfund Receivables, Payables and Transfers

Interfunds receivable are considered to be available, expendable resources, and are reported as assets in the "due from other funds" account. Interfunds payable are considered to be committed expendable resources and are reported as liabilities in the "due to other funds" accounts. Interfund transactions occur for various reasons and are eliminated from the government-wide financial statements.

BOROUGH OF FOX CHAPEL

	<u>Due To</u>	<u>Due From</u>

Highway Aid	-	239,984
Emergency Infrastructure Fund	80,000	-
	<u>\$ 1,001,325</u>	<u>\$ 1,001,325</u>

Compensated Absences

A liability for compensated absences is determined by the payments which would be available to employees if they would leave or retire from the Borough. These amounts are reflected as long-term liabilities in the government-wide statements unless retirements are likely within the upcoming fiscal year. Costs associated with retirements in the immediate succeeding year are reflected as current liabilities. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Net Position

The government-wide financial statements are required to report three components of net position:

- Net investment in capital assets – This component of net position consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of

BOROUGH OF FOX CHAPEL

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2020

resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are also included in this component of net position. If there are significant unspent related debt proceeds or deferred inflows of resources at the end of the reporting period, the portion of the debt or deferred inflows of resources attributable to the unspent amount is not included in the calculation of net investment in capital assets. Instead, that portion of the debt or deferred inflow of resources is included in the same net position component (restricted or unrestricted) as the unspent amount.

- Restricted – This component of net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Generally, a liability relates to restricted assets if the asset results from a resource flow that also results in the recognition of a liability or if the liability will be liquidated with the restricted assets.
- Unrestricted – This component of net position is the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted components of net position.

Fund Balance

In the fund financial statements, governmental funds report fund balance in categories based on the level of restriction placed upon the funds. These levels are as follows:

- Nonspendable – This category represents funds that are not in spendable form.
- Restricted – This category represents funds that are limited in use due to constraints on purpose and circumstances of spending that are legally enforceable by outside parties. This category includes funds that are legally restricted for stormwater management, road construction/maintenance, capital purchase/construction, and sewage infrastructure.
- Committed – This category represents funds that are limited in use due to constraints on purpose and circumstances of spending imposed by the Borough Council. Such commitment is made via a Borough Council resolution and must be made prior to the end of the fiscal year. Removal of this commitment requires a Borough Council resolution. The Borough currently does not have any committed funds.

BOROUGH OF FOX CHAPEL

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2020

- Assigned – This category represents intentions of the Borough Council to use the funds for specific purposes. Such assignment is made by the Borough Manager and Finance Director jointly. This category includes amounts set aside to balance the 2021 budget, capital purchases and construction, and the K-9 program.
- Unassigned – This category represents all other funds not otherwise defined.

The Borough's policy is to use funds in the order of the most restrictive to the least restrictive.

Capital Assets

Capital assets, which include land, buildings and improvements, furniture, machinery, equipment, infrastructure, and vehicles, are recorded at cost. To the extent the Borough's capitalization threshold of \$5,000 for non-infrastructure depreciable assets and \$500,000 per system for depreciable infrastructure assets is met, capital outlays are recorded and depreciated using the straight-line method over the following estimated useful lives:

Buildings and improvements	10 - 40 years
Furniture and fixtures	7 - 10 years
Machinery and equipment	10 - 20 years
Infrastructure	10 - 50 years
Vehicles	2 - 20 years

Maintenance and repairs are charged to operations when incurred. Expenses that materially change capacities or extend useful lives are capitalized.

Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities. Bond premiums are deferred and amortized over the life of the bonds.

Deferred Inflows and Outflows of Resources Related to Pensions

In conjunction with pension accounting requirements, the net difference between projected and actual investment earnings, changes in assumptions and the difference between expected and actual experience are recorded as a deferred inflow or outflow of resources related to pensions on the government-wide financial statements. These amounts are

BOROUGH OF FOX CHAPEL

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2020

determined based on the actuarial valuations performed for the Borough. Note 6 presents additional information about the Pension Plans.

Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Adoption of Pronouncement

Governmental Accounting Standards Board (GASB) Statement No. 95, "*Postponement of the Effective Dates of Certain Authoritative Guidance*," provides temporary relief to governments and other stakeholders in light of the COVID-19 pandemic. The provisions of this statement have been adopted.

Pending Pronouncements

GASB has issued statements that will become effective in future years, including 87 (Leases), 89 (Accounting for Interest Cost), 91 (Conduit Debt Obligations), 92 (Omnibus 2020), 93 (Interbank Offered Rates), 94 (Public-Private and Public-Public Partnerships), 96 (Information Technology Arrangements), and 97 (Deferred Compensation Plans). Management has not yet determined the impact of these statements on the financial statements.

2. Cash, Cash Equivalents, and Investments

Pennsylvania statutes provide for investment of governmental funds into certain authorized investment types including U.S. Treasury bills, other short-term U.S. government obligations, short-term commercial paper issued by a public corporation, banker's acceptances, insured or collateralized time deposits, and certificates of deposit. The statutes also allow the pooling of governmental funds for investment purposes. The deposit and investment policy of the Borough adheres to state statutes. Governmental funds are either maintained in demand deposits and certificates of deposit or invested with the Pennsylvania Local Government Investment Trust (PLGIT). There were no deposit or investment transactions during the year that were in violation of either the state statutes or the Borough's policy.

Deposits

The following is a description of the Borough's deposit risks:

Custodial Credit Risk – Custodial credit risk is the risk that in the event of a bank failure, the Borough's deposits may not be returned to it. The Borough's deposit policy limits the instruments which funds can be invested in to those requirements of the law as governed by the Pennsylvania Borough Code and the Pennsylvania Fiscal Code. As of December 31, 2020, \$750,000 of the Borough's \$3,211,922 bank balance was insured by the Federal Deposit Insurance Corporation (FDIC). The remaining bank balance of \$2,461,922 was exposed to custodial credit risk, which is collateralized in accordance with Act 72 of the Pennsylvania state legislature, which requires the institution to pool collateral for all governmental deposits and have the collateral held by an approved custodian in the institution's name. These deposits have carrying amounts of \$3,102,365 as of December 31, 2020.

Investments

The Borough's cash equivalent investments in PLGIT are not subject to custodial credit risk because they are not evidenced by securities that exist in physical or book entry form. The Borough's position in the external investment pool is the same as the value of the pool shares and is reported at amortized cost, which approximates fair value. The amortized cost method involves valuing a security at its cost on the date of purchase and recording a constant amortization or accretion to maturity of any discount or premium, regardless of the impact of fluctuating interest rates on the market value of the investment. The net asset value per share for the purpose of calculating the price at which shares are issued and redeemed is determined by the Administrator each banking day. Such determination is made by subtracting the liabilities from the value of the assets and dividing the remainder by the number of shares outstanding. PLGIT activities are invested directly in a portfolio of securities, which are held by a third-party custodian. All investments in an external investment pool that is not SEC-registered are subject to oversight by the Commonwealth of Pennsylvania. PLGIT annual audit is available on their website. The Borough can withdraw funds from the external investment pools, however, there are certain limitations placed on these withdrawals. For PLGIT-Class accounts, there is a one-day holding period. For PLGIT/Arm accounts, there is a minimum investment period of one day. For PLGIT/Prime accounts, there is a one-day holding period and a penalty for more than two withdrawals in a calendar month.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2020

As of December 31, 2020, the PLGIT bank balances totaled \$11,136,064, and book balances totaled \$11,130,401, which are considered to be a cash equivalent for presentation on the statement of net position and governmental funds balance sheet.

The following is a description of the Borough's investment risks:

Credit Risk - The risk that an issuer or other counterparty to an investment will not fulfill its obligations is called credit risk. The Borough has no formal investment policy that would limit its investment choices based on credit ratings by nationally recognized statistical rating organizations. As of December 31, 2020, investments in PLGIT have received a AAA rating from Standard & Poor's.

Interest Rate Risk – The Borough has no formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. All investments have an average maturity of less than one year.

Pension Trust Fund

The Pension Trust Funds' investments are held separately from those of other Borough funds. Assets in the pension trust funds are stated at fair value. Any premiums or discounts are recognized as a gain or loss upon disposition. The Borough maintains investment policies that summarize the investment philosophy of the Borough and establishes investment guidelines and performance objectives for both the Police and General Employees' Pension Plans.

The Pension Trust Funds are invested in various types of financial instruments. This diversification of the investment portfolio serves to assist in mitigating the various types of risks associated with different types of financial instruments. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments could occur in the near-term and that such a change could materially affect the amount reported on the combined statement of net position.

The Borough's pension trust funds categorize its fair value measurements within the fair value hierarchy established by accounting principles generally accepted in the United States of America. The Borough's investments are all valued using quoted market prices (Level 1).

The following is a description of the Pension Trust Funds' investment risks:

Credit Risk – The risk that an issuer or other counterparty to an investment will not fulfill its obligations is called credit risk. The Pension Trust Funds formal investment policy limits its fixed income investment choices to a rating of median or better based on credit ratings by nationally recognized statistical rating organizations. As of December 31, 2020, 100% of the Pension Trust Funds' investments in money market funds received an AAAM rating from Standard & Poor's as of the latest rating available.

Custodial Credit Risk – Custodial credit risk is the risk that in the event of the failure of the bank or counterparty, the Pension Trust Funds will not be able to recover the value of their deposits or investments or collateral securities that are in the possession of an outside entity. The Pension Trust Funds do not have a formal deposit or investment policy for custodial credit risk. The Borough’s investments in money market funds cannot be classified by risk category because they are not evidenced by securities that exist in physical or book entry form. As of December 31, 2020, the Borough’s entire pension cash, cash equivalents, and investment balance of \$18,063,336 (bank and book balance) was exposed to custodial credit risk. All of the Borough’s Pension Trust Fund investments were uninsured and held by the counterparty. The counterparty is a member of the Securities Investor Protection Corporation (SIPC), which provides insurance coverage up to \$500,000 of the net equity balance, including up to \$250,000 in cash, in the event the counterparty fails, owing the Borough cash and securities that are missing from their accounts. This coverage does not extend to losses incurred due to fraud, misrepresentation, or investment decisions.

4. Real Estate Taxes

Real estate taxes attach as an enforceable lien on property as of January 1 and are levied on June 1. These taxes are billed and collected by an elected tax collector, who deputizes a professional tax collection company. Taxes paid through July 31 are reduced by a 2% discount. Amounts paid after September 30 are assessed a 10% penalty.

The Borough is permitted by the Borough Code of Pennsylvania to levy real estate taxes, not exceeding 30 mills for general Borough purposes. For 2020, Borough real estate taxes were levied at the rate of 2.95 mills for general purposes. The millage is applied to assessed market valuation as determined periodically by Allegheny County. Total assessed valuation, which approximates 100% of market value of assessed properties within the Borough, was \$1,213,503,141 for 2020.

6. Pension Plans

Summary of Significant Accounting Policies

Financial information of the defined benefit General Employee and Police pension plans (Plans) and the defined contribution General Employee plan are presented on the accrual basis of accounting. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plans. Employer contributions to the Plans are recognized when due as required by applicable law. Investments of the Plans are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on national exchanges are valued at the last reported sales price.

Plan Descriptions

The Plans are single-employer, defined benefit plans established under the provisions of Act 205 of 1984 of the Commonwealth of Pennsylvania (Act). The Plans cover all full-time employees. The Plans are governed by Borough Council, which has delegated the authority to manage certain Plan assets to the Borough Manager. Plan provisions and contribution requirements are established and may be amended by Borough Council. The activity of the Plans is reported as the Pension Trust Funds in the accompanying financial statements. Separate plan financial statements are not available. In 2014, Council added a defined contribution (DC) sub-plan to the General Employees Plan and closed the defined benefit (DB) sub-plan to new participants. All full-time, non-uniform new hires will be directed into the defined contribution plan.

At December 31, 2020, Plan membership consisted of the following:

	General Employees DB	General Employees DC	Police
Inactive plan members or beneficiaries currently receiving benefits	13	-	5
Inactive plan members entitled to but not yet receiving benefits	-	-	2
Active plan members	10	5	9

Benefits Provided – General Employees Defined Benefit Plan

Participants in the General Employees Defined Benefit Plan are 100% vested after three years of service. The General Employees Defined Benefit Plan provides the following benefits:

Retirement Benefit – A participant is entitled to begin receiving retirement benefits after attaining age 65 and completing 10 years of service. The monthly retirement benefit is 50% of the participant's final average monthly compensation earned during the last 36 months of employment. Each participant who was hired prior to January 1, 1992 and who shall retire after completion of at least 40 years of service may be eligible to receive a monthly service increment equal to 1.25% of the participant's final average monthly compensation for each completed year of service in excess of 40 years.

Disability Benefit – If a participant becomes totally and permanently disabled and has completed five years of service, the participant is entitled to receive a monthly disability benefit. The scheduled benefit is 50% of the participant's salary at the time the disability was incurred.

Death Benefit – If a participant's death occurs before retirement eligibility, the participant's beneficiary receives a refund of contributions made by the participant, plus interest. If a participant shall die as a direct result and in the service of employment, a survivor benefit shall be paid to the surviving spouse in an amount equal to 50% of the participant's salary as of the date of death. If a participant shall die after completing at least three years of service, a survivor benefit shall be paid to the surviving spouse in an amount equal to the survivor portion of the participant's accrued benefit, reduced for early commencement, converted to a joint and fifty percent annuity. This survivor benefit shall be paid monthly until the death of the spouse shall occur. If a participant shall die after the participant is eligible to retire but before the retirement benefits commence, the beneficiary shall be eligible to receive a lump sum distribution of an amount equal to the accumulated contributions of the participant as of the date of death of the participant.

Benefits Provided - General Employees Defined Contribution Plan

All participants in the General Employees Defined Contribution Plan shall at all times be fully vested in his/her participant contribution account and rollover amounts. The participant shall be fully vested in the employer contribution account after three years of service. The General Employees Defined Contribution Plan provides the following benefits:

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2020

On December 18, 2017, the Borough adopted Resolution 618 which amended the Police Pension Plan to add a Deferred Retirement Option Plan (DROP) for all full-time police officers of the Borough. The DROP provides an optional form of benefit to members of the Police Pension Plan who have met the age and service eligibility requirements for normal retirement. Any eligible member may elect to participate in the DROP by retiring for pension purposes and specifying a future termination date not more than three years from the effective date of the DROP election. The monthly pension benefit is calculated at the date of election and credited to a separate ledger account for the period of DROP participation along with interest at the rate earned by the money market account within the Plan compounded and credited monthly. The rate of interest shall not be less than 0% nor more than 4.5% per year until participation ends. A member may change the DROP termination date to an earlier date without penalty.

During 2020, two eligible plan members participated in the DROP program and, under the terms of the Resolution, were considered retired for pension purposes. The monthly pension benefit was calculated and is being created to a separate ledger account, with interest. Included in the cash and cash equivalents on the statement of net position - Pension Trust Funds is \$223,750 in DROP accounts.

Contributions and Funding Policy

The Plans are funded by the Borough on an annual basis pursuant to the provisions of the Act. The Act requires that annual contributions be based upon the calculation of the Minimum Municipal Obligation (MMO). The MMO calculation is based upon the biennial actuarial valuation. Employees are not required to contribute under the Act; such contributions are subject to collective bargaining. The Commonwealth of Pennsylvania allocates certain funds to assist in pension funding. Any financial requirement established by the MMO, which exceeds the Commonwealth of Pennsylvania allocation, must be funded by the Borough and could include employee contributions.

Under the terms of the Plans, all participating employees are required to contribute up to 5% of total wages reported by the Borough, unless waived by the Borough. Contributions for the Police Plan were 5% in 2020. Contributions for the General Employees Plan were also 5% for 2020 for both the DB and DC plans.

During 2020, the required MMOs for the Police Plan and General Employees Defined Benefit Plan were \$0 and \$148,212, respectively. The Borough contributed the funds necessary to meet the required MMOs. During 2020, the Borough contributed \$17,254 to the General Employees Defined Contribution Plan.

Projected salary increases	4.5%	5.0%
Underlying inflation rate	2.75%	2.75%

Mortality assumptions for the General Employees Plan are based on the RP-2014 Mortality Table, with rates set forward 5 years for disabled lives. Mortality assumptions for the Police Plan are based on the RP-2014 Mortality Table with 50% of Blue Collar Adjustment, with rates set forward 5 years for disabled members. Mortality improvement for both Plans is derived from the Long-Range Demographic Assumptions for the 2015 Social Security Administration's Trustee Report.

BOROUGH OF FOX CHAPEL

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2020

Investment Policy – The Plans’ policies in regard to the allocation of invested assets is established and may be amended by Borough Council by a majority vote of its members. It is the policy of Borough Council to pursue an investment strategy that reduces risk through the prudent diversification of the portfolio across a broad selection of distinct asset classes. The pension plans’ investment policy discourages the use of cash equivalents, except for liquidity purposes, and aims to refrain from dramatically shifting asset class allocations over short time spans.

Long-Term Expected Rate of Return – The long-term expected rate of return on Plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The following was the asset allocation policy and best estimates of arithmetic real rates of return for each major asset class included in the Plans’ target asset allocation as of December 31, 2020:

Asset Class	Target Allocation		Long-Term Expected Real Rate of Return	
	General Employees	Police	General Employees	Police
Domestic equity	65.0%	65.0%	5-7%	5-7%
Fixed income	30.0%	30.0%	2-4%	2-4%
Cash and equivalents	5.0%	5.0%	0-1%	0-1%
	<u>100.0%</u>	<u>100.0%</u>		

Rate of Return – The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested. For the year ended December 31, 2020, the annual money-weighted rate of return on the General Employees and Police Pension Plan investments, net of investment expense, was 10.96% and 10.82%, respectively.

Concentrations – There were no individual investments that constituted more than 5% of plan net position as of December 31, 2020.

BOROUGH OF FOX CHAPEL

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2020

Discount Rate – The discount rate used to measure the total pension liability for both Plans was 7.0%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that the Borough’s contributions will be made based on the yearly MMO calculation. Based on those assumptions, the Plans’ fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Net Pension Liability (Asset) to Changes in the Discount Rate – The following presents the net pension liability (asset) of the Plans calculated using the discount rates described above, as well as what the Plans’ net pension liabilities (assets) would be if they were calculated using a discount rate that is one-percentage-point lower or one-percentage-point higher than the current rates:

	1% Decrease (6.0%)	Current Discount Rate (7.0%)	1% Increase (8.0%)

BOROUGH OF FOX CHAPEL

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2020

7. Long-Term Debt

In 2019, the Borough issued General Obligation Bonds, Series 2019 to acquire land for a public park and its development, construct a Public Works garage, renovate existing facilities, reimburse related site improvements including stormwater management, and pay the cost of issuing the bonds. The bonds are secured by a pledge of full faith, credit, and taxing power of Borough. In the event of failure to pay principal and interest when due that exceeds thirty days, any bond holder may bring suit for the amount due.

Issue: General Obligation Bonds of 2019
Date: August 8, 2019
Proceeds: \$5,195,000
Bond premium: \$303,972
Bond term: 25 years
Interest rate: 1.34% - 2.58%
Maximum annual debt service: \$321,600
Average annual debt service: \$320,210

Long-term debt activity for the year ended December 31, 2020 was as follows:

	Amounts Payable as of January 1, 2020		Increases	Decreases	Amounts Payable as of December 31, 2020		Due Within One Year

8. Contingent Liabilities

Various claims and lawsuits are pending against the Borough. The ultimate outcome of these claims and lawsuits cannot presently be determined and, accordingly, no provision for amounts arising from settlements has been made in these financial statements. In the opinion of management and legal counsel, the effect on the financial statements of potential losses or gains on any claim and/or lawsuit should not be material.

The Borough is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; environmental and cyber liability; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage for the past three years. There were no significant reductions in insurance coverage from coverage in the prior year.

In June 2013, Borough Council adopted the Administrative Consent Order (ACO) Feasibility Study Report (Report) which was then submitted to the Allegheny County Health Department (ACHD), PA DEP, and the Allegheny County Sanitary Authority (ALCOSAN). The report concluded a need for 2.6 miles of repairs of sewer pipe in the upper reaches of the sanitary sewer system and 2.5 miles of sewer main upsizing. The cost of these repairs totals \$10.7 million. The report determined that construction of the sewer main should commence in late 2024. Borough Council concluded that work on the repairs to the sewer

BOROUGH OF FOX CHAPEL

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2020

pipes should begin in 2014 and progress until completed. Borough Council has calculated the sewer rates needed to fund these projects and increased the rates accordingly. ACHD has verified that the Feasibility Study Report meets the criteria required.

A part of the ALCOSAN Consent Decree negotiations relates to “Regionalization” in which ALCOSAN proposes to assume ownership, operation, maintenance and potential future wet weather capacity, augmentation responsibilities “multi-municipal conveyance sewers greater than 10” in diameter”. The current “Regionalization” scope of work includes a significant amount of trunk sewers in Fox Chapel including those referenced in the June 2013 report. Therefore, the Borough may need to revise its Feasibility Study Report. In December 2014, Fox Chapel asked the ACHD for an extension to the ACO. In response to several requests from municipalities for an ACO extension, ACHD/PADEP concluded that the ACO has lapsed and required the municipalities to sign a Phase 1 Consent Order and Agreement (Phase 1 COA) with the ACHD. Fox Chapel signed the Phase 1 COA in December 2015. The Phase 1 COA, following specific provisions outlined therein, requires a “Source Flow Reduction Study” be conducted in the municipal collection/conveyance system in fiscal years 2016/2017 with submittal to the ACHD by December 2017. On November 30, 2016, the Borough submitted a progress report describing actions taken toward achieving compliance with the Phase 1 COA. The ACHD, by letter dated January 13, 2017, determined that the progress report met the minimum requirements of the COA. In November 2017, Borough Council adopted Resolution No. 617 approving Phase 1 Consent Order and Agreement Source Flow Adoption Study and the Borough submitted the same to the regulators.

DEP has issued a series of approvals of the Borough’s corrective action plan since 2018. The most recent extension expires June 2021. The Borough follows the mandates of the COA, and we expect to be able meet the requirements of the next COA.

9. Cooper-Siegel Community Library

In 2010, the Library Authority entered into a lease rental agreement with Community Library Association (CLA) for site rental payments. CLA will pay the Borough, \$30,000 per year for the term of the lease. The payments commence on February 1, 2012 and continue for 99 years. The parties reserve the right to renegotiate financial terms every 10 years. As a result of the termination of the Library Authority, the Borough assumed the lease during 2018.

BOROUGH OF FOX CHAPEL

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2020

As part of an agreement dated April 15, 2010, the Borough agreed to contribute to CLA the sum of not less than \$350,000 per year for the operation of the library. In the year 2018, the minimum amount increased to \$390,000. The Borough's commitment may be reduced in the event contributions by other municipalities result in the Borough's appointees to the Board of CLA having less than a majority vote on the Board of CLA. During 2020 the Borough's contribution was reduced as the CLA received a Payroll Protection Program Loan to assist with operations. The Borough contributed \$325,000 to CLA during 2020.

10. Risks and Uncertainties

The coronavirus pandemic remains a rapidly evolving situation. The extent of the impact of the coronavirus on the Borough and financial results will depend on future developments, including the duration and spread of the outbreak within the markets in which the Borough operates, the related impact on the federal budget, and the state of Pennsylvania's budget, all of which are highly uncertain.
